

## Contributions:

### Akshay Buche - 25%

- Create Event page
- Event details page with resizing boxes and scroll view based on content height
- Background images

### Pooja Chivukula - 25%

- Created Custom Table cells for the reviews page, profile page, my events page, explore page
  - Added constraints to all the custom cells so that they would autosize based on the text
- Guest List Page
- Added a color scheme for all the VCs

### Nikhil Kumar - 25%

- Home Page
- Sign Up Page
- Login Page
- Settings Page

### Nicholas Wille - 25%

- Created navigation system
- Profile Page
- Review Page

## Deviations:

- Ended up combining the search and explore page because their function was very similar
- We removed the settings button from the nav bar and instead added it to the profile page because it worked better with our design
